Nervous about the your Big Day's First Dance?

Think you've got two left feet?

Well Dancebites can help!

Let us take the stress away from you by choreographing  
a simple (or advanced!) routine.

Taught in the comfort of your own home or at one of our venues.

We can film and note the session for you so you  
can practice leading up to the Big Day!

Let us take the pressure off you,  
call us for a chat and a quote!
